Question from Inspectors

In its representations relating to Policy 11, Welsh Government state the Council must address land ownership, delivery timelines and demonstrate the allocation is the result of a transparent and robust site selection process that aligns with the requirements of Circular 005/2018 and any relevant guidance. The evidence base does not appear to include anything describing the site selection process which led to the proposed allocation of the site at Pengam Green. Can the Council produce this please?

Council Response

We confirm the Council will produce a paper outlining the site selection process which led to the proposed allocation of a Gypsy and Traveller site at Pengam Green. Work on the paper is underway and is due to be completed by the beginning of April.
